Welcome to the 13th edition of Bruges Arabian Horse Event!

***Equestrian sports and especially "The Arabian Horse" is becoming increasingly more popular.
Therefore BAHE is targeting to a wider audience.***

Bruges is considered as one of Europe's most beautiful historical towns and therefore a tourist attraction.

***The horse carriages in the city betray the cities great love for horses and will take you through time, back to the roots
where men's only transport was "the horse".***

***With the efforts of many people and the important support
of the Province of West Flanders, this event needs to be more than ever a party for (future) Arabian horse lovers.***

***Bruges Arabian Horse Event, an encounter of humans and animals, sports and excitement, audience, sponsors and
attendees.***

Have Fun !

MENTOR WORLDWIDE
SECURITY

SECURITY THROUGH INNOVATION

Certified Security Company
BE0745.867.048

ABOUT US

Our company was founded with one clear goal in mind: ensuring optimal security for our clients. We are not a company that aims for size, but for excellence in service, flexibility, and satisfaction, both among our clients and employees.

WHY CHOOSE US?

Safety is essential for every organization. It protects your business, personnel, and customers. In the dynamic world of security risks, you need a reliable partner like Mentor Worldwide Security.

SERVICES

STATIC GUARDING (ARMED)

We analyze potential threats and develop a plan that closely aligns with your specific needs, often working in combination with camera surveillance. Our security guards, whether armed or unarmed, ensure comprehensive monitoring and protection.

BODYGUARDING (ARMED)

We provide both armed and unarmed bodyguarding for individuals or groups against potential threats, conducted through a comprehensive risk assessment.

MOBILE GUARDING

We ensure a security guard who conducts patrols for prevention and protection, often in a consortium, meaning multiple companies on the same site share the services of our mobile security guard.

OPERATIONS COMMAND CENTER

The OCC enhances efficiency by using advanced surveillance technology to monitor multiple zones simultaneously. Unlike on-site guards, the OCC provides broader coverage, faster response times, and greater situational awareness – elevating security performance.

ROBOTICS

As an innovative company, Mentor Worldwide Security integrates security robots into modern surveillance strategies. Ideal for large sites, these robots perform long patrols, continuously analyzing visual and sensor data to detect patterns and anomalies often missed by human observers.

Welkomstwoord van de gedeputeerde van de Provincie West-Vlaanderen

Beste liefhebber van Arabische paarden,

Ik heet u van harte welkom op het Bruges Arabian Horse Event, een uniek evenement in het hart van één van onze mooiste groene parels in West-Vlaanderen: het provinciedomein Tillegembos.

Het is voor mij bijzonder om te zien hoe een domein als Tillegembos — met zijn eeuwenoude bomen, stille dreven en rijke biodiversiteit — niet alleen een toevluchtsoord is voor vele natuurliefhebbers en wandelaars, maar ook het perfecte decor vormt voor evenementen die mensen samenbrengen rond schoonheid, cultuur en passie, zoals het Bruges Arabian Horse Event. Ik ben dan ook zeer blij dat het Bruges Arabian Horse Event opnieuw kan doorgaan in Tillegembos.

Ik nodig u dan ook van harte uit om tijdens uw bezoek niet alleen te genieten van de uitzonderlijke paarden en het vakmanschap van hun begeleiders, maar ook om het domein en zijn rijke erfgoed te verkennen. Laat het Bruges Arabian Horse Event een beleving zijn die de band tussen mens, dier en landschap verdiept. Geniet met volle teugen van jullie tijd in Tillegembos en van het Bruges Arabian Horse Event!

Jurgen Vanlerberghe

A man and a woman are sitting at a bright yellow round table, playing chess. The woman, on the left, has curly hair and is wearing a black patterned top and tan trousers. She is smiling and pointing at the chessboard. The man, on the right, is wearing a light-colored blazer and tan trousers. He is focused on moving a white chess piece. The chessboard is on the table, with green and white pieces. In the background, there is a window with a vase of pink and white flowers on the sill. The floor is dark wood.

METHOD OF JUDGING

Type, Head & Neck, Body & Topline, Legs and Movement will each be awarded with points from 1-20 with half points by each of the 4 judges.

In the event of a tie for 1st to ... place, the higher place will be given to the horse with the most points for TYPE. If there is still a tie, the higher place will be given to the horse with the most points for MOVEMENT. Failing a decision on either of these, 1 judge (chosen by lottery) will be asked to state his/her preference. First and second placed horses of each class qualify for their respective championships.
